Section**

and

UNST POLITEHNICA Bucharest

Faculty of Chemical Engineering and Biotechnologies

*(Departments of Chemical and Biochemical Engineering and
Science and Engineering of Oxide Materials and Nanomaterials)*

We have pleasure to invite you to attend at the Symposium **SICHEM - 2024**, which will be held in **11, 12, April 2024**, Bucharest, Romania. The symposium will take place in the campus of **UNST POLITEHNICA Bucharest, Library building** and online on the **UPB MT Platform**. The Symposium will allow an exchange of ideas and experience between researchers in various areas of the applied chemistry and process engineering.

Themes

- A – Chemical and biochemical engineering
- B – Applied organic, inorganic, and supramolecular chemistry in process engineering
- C – Biomaterials and composites in chemical and biochemical applications
- D – Green applied chemistry and agro-resources valorization

Symposium Program

The scientific program will include:

- Granting of **SICR**, **SChR** and **ASTR Honor Diploma** for activity in the field of chemical engineering
- Communications by plenary conferences and section conferences
- Oral communications
